Kristina Weissenbacher

DECKHAND / STEWARDESS

Organised, energetic and service-driven hospitality professional with strong experience in guest care, event coordination, housekeeping standards, social media and daily operations. With several years of experience in gastronomy, business ownership and Airbnb hosting, I have developed excellent organisational skills, a strong eye for detail and a calm, proactive, hands-on approach. I am now looking to enter the yachting industry as a Deckhand/Stewardess, bringing high standards of service, interior care, practical deck support and strong teamwork to a professional onboard environment.
